## EDUCATION

---

German University of Technology in Oman (GUtech) – Muscat, Oman 2026

*Bachelor of Science in Computer Science*  
*Honors: Dean's List (Winter Semester 2024)*

## PROFESSIONAL EXPERIENCE

---

Computer Science Intern, Target Oil Field Services, Muscat, Oman Jun 2025 – Aug 2025

- Got hands-on experience working with developers, engineers, and real client feedback.
- Worked on front-end tasks like layout styling, responsive components, and form functionality.
- Learned how to build practical digital solutions in a fast-paced, real-world environment

Operational Manager – GUlynx, Shell Eco-Marathon Team, Muscat, Oman Aug 2024 - Present

- Oversaw operations for a 20-member engineering team competing internationally.
- Coordinated logistics, communication, and reporting across 6 sub-teams.
- Led sponsor outreach and managed content for social platforms.

Freelance Front-End Developer, remote Jan 2023 - present

- Designed and developed responsive web and mobile interfaces using HTML, CSS, Swift, and JavaScript.
- Delivered real-time, location-aware features including filters, feedback systems, and booking modules with geolocation.

Marketing Intern – Finland Oman School, Muscat, Oman Aug 2023 – Sep 2023

- Supported school marketing initiatives, including campaign planning and social media engagement.
- Assisted in designing print and digital materials for admissions and school events.
- Engaged with parents and visitors during school open days and events, enhancing public relations.

## PROJECTS & EXTRACURRICULAR

---

Network Performance Monitor – Python, Dash Dec 2024

Created a lightweight simulation to visualize network traffic, analyze packet loss, and track latency trends. Mimicked telecom node behavior using SNMP protocols.

AR Heritage Viewer - Unity, C#, Blender

**May 2025 – Jul 2025**

Developed an AR app to showcase Omani cultural landmarks using 3D modeling and marker-based AR. Integrated voiceover descriptions and interaction gestures.

Personal Finance Tracker – React, Firebase

**Oct 2023**

Built a budgeting app to track daily expenses and categorize spending. Integrated charts and real-time syncing.

## ACTIVITIES

---

- TEDxGUTech 2024 – Team Member

Assisted with planning, speaker curation, and media promotion for GUTech's TEDx event

- SQU Eco Finance Club – Member

Took part in workshops and events

- GUTech Community Service Club – Member (2021 – 2024)

Joined events and charity initiatives.
